

# DocuPrint P285 dw / M285 z A4 Monochrome Single and Multifunction Printers

Designed to take your productivity to the next level

# Smart, Powerful and Efficient Performance

The Fuji Xerox DocuPrint P285 dw and M285 z are the perfect solution for small and medium business workgroups who require high quality, fast and efficient monochrome printing with flexible connectivity capabilities in a compact size.

## PERFORMANCE AND RELIABILITY

- **Speed and Quality** – With speeds of up to 34 pages per minute – the 285 series supports print resolutions of up to 1200 x 1200 dpi, delivering the highest quality, faster print speed and first-page-out-time.
- **Innovation and Reliability** – Building on Fuji Xerox's reputation for reliability the entire range includes simple engineering, easy operation and outstanding printing designed to give trouble free printing whenever you need it.
- **Single Pass Duplex Automatic Document Feeder (SPDADF)** – the DocuPrint M285 z comes equip with 50-sheet feeder to be scanned in one single pass, reducing processing and waiting time.

## AFFORDABLE, EFFICIENT PRINTING

- **Lower running costs** – Printer costs are far more than the initial purchase, and this range of Fuji Xerox printers is designed to keep overall running costs lower to suit your business needs with a choice of 3K toner or 4.5K toner.
- **Reduced toner use** – With toner save mode, the printers can extend the life of your toner cartridge by varying the toner density during printing, saving money with every print.
- **Use less paper** – By using the clever N-UP print feature, you can print multiple pages on a single sheet of paper, saving toner as well as paper, reducing the costs of your printing even further.

## INCREASE PRODUCTIVITY WITH SMART FEATURES

- **Duplex Printing and WiFi as standard across the range** – With duplex printing standard across the range, these printers offer increased productivity and reduced costs combined with ease of use.
- **Easy to use touch screen Interface** – the DocuPrint M285 z features a 2.7" colour touch screen interface that is simple to use. Quickly produce the quality prints you need through the clear, simple interface that makes walk up functions easy to access.
- **Clever ID Card Copying** – This allows you to quickly copy both sides of an ID card onto one piece of paper, just copy one side, then the reverse and the printer does the rest. No need to move paper, put the card in a different location, just a quick, easy solution that saves time and money.

### CLEVER ID CARD COPYING

The easy-to-use ID card copy feature allows you to copy both sides of the card onto the same side of the paper. Simply place an ID card both face up & down on the copier surface, pressing the start button each time.

### STAY CONNECTED WITH ADVANCED MOBILE PRINT CONNECTIVITY

Whatever device you need to print from, you can do so quickly and easily.
